## About

Over the past decade, I have dedicated my time to growing & expanding my knowledge in digital marketing, starting in the not-for-profit sector & moving into retail, hospitality, fintech & the health & beauty industry. I've dedicated my time to understanding the sales funnel to a tee. From creating a buzz at the awareness & traffic levels to building strong relationships at the engagement stage, & finally encouraging conversions & repeat conversions at the bottom of the funnel, my data-driven approach has led to increasing ROASs, millions of impressions & hundreds of thousands of web views & email signups.
