Our approach is a logical one, we do not complicate matters, simply deliver what we do best which is process review and design, strategic sourcing, cost reduction, cost avoidance, inventory management, eCom-merce, supplier relationship management, procurement / supply chain transformation.

The twist is that we will roll our sleeves up and get stuck in, helping deliver your business requirements not just advise. We can support your business when employing full time employees is not an option for you or you just require specific or ad hoc support.

We have been able to deliver significant and sustainable value whether that is within a greenfield/start up mode or developing an existing function across indirect and direct categories within food, retail, manufactur-ing, FMCG, personal care and the leisure industry.

Our specialties include but are not limited to:

Procurement
Supply Chain
Logistics
SRM
CRM
Inventory Management
Project Management
Value Engineering
Low Cost Sourcing
Sourcing
Negotiation
Team Management
People Development
Retail
Manufacturing
