About

I am an imaginative, creative person who seeks to obtain the utmost outcome of the given task by adapting to challenging situations. Within more than 16 years of experience in the apparel industry as a Pattern Technologist, I have a vast knowledge of creating and updating pattern making, Marker Making, Grading, Digitizing, Consumption marker Making, Costing and I have a good knowledge of Bonding and Construction developments. I hope to dedicate my highest contribution to the company by incorporating my knowledge and experience on developing Apparel Industry.
