About

I'm Melisa, I have 6 years of experience as a Filmmaker, Designer and Visual consultant. I work with motion graphics, set design, branding and photography. Curiosity has taken me to experience design and film through a new perspective. I try to challenge and constantly improve myself with personal projects. I aspire to form a successful career in Production Design for film, fashion and visual performance for music and theater. I consider myself a doer, I like working hands on every project and getting involved in other creative areas so that I can be aware of the project as a whole. I'm looking for that next big step in my career.
