About

BRANDS WORKED WITH

San Marina

Experience

● Sale assistant

San Marina | Jun 2018 - Aug 2018

I was working for a little time at the San marina France , close to where I was studying ! I was basically learning what the principal saler does , which consist in managing the whole boutique , doing the inventory, handling the role of a cashier ect ! Everything from the opening to the closing and absolutely everything in between, because we where only two.
