## Experience

### ● Studio Assistant

Instagram | Dec 2021 - Dec 2021

Derrick Bryson – I supported the photographer by adjusting lights, to create fashion editorials, behind the scenes, organising models and outfits, making sure the models were on time, sharing my ideas and opinions.

### ● Fashion Photographer

Slow Fashion | May 2021 - May 2021

Ehop Market Place – I directed and produced a Slow Fashion themed runway, featuring outfits from Independent designers on Ehop Market-place. I achieved this with a team of creatives, models, MUA, Hair, camera operators, assistants, and designers. In result, I produced professionally edited images of the runway as well as a video version too.
