## Experience

### ● E-commerce Business Development & Marketing Manager

V.S. Compagnie | Sep 2021 - Now

- Design the layout of the online store, including store logo, product categories and appearance.
- Develop, monitor, write, and update product content contained on the website.
- Cultivate standards, systems and best practices for content creation, distribution, maintenance, and new product listings.
- Monitor changes in website traffic or increases in sales and understand customer insights to use and improve the eCommerce business.
- Meet customer expectations on sales, brand development, and replenishment.
- Identify consumer needs through extensive market/data analysis on demographics, cultures, and analytics.
- Explore the market and tap potential clients based on various parameters.
- Search Engine Optimization (SEO) of the web content to increase search engine visibility. Execute cost-efficient SEM practices (content strategy) to increase SERP results and improve the click-through & conversion rates.
- Understand and leverage the dynamic digital marketing environment to maximize the business through Ads and Social Media Marketing such as Facebook/Instagram Ads, Google Ads and Bing Ads.
- Achieved sales targets through the retention of the old clients and the acquisition of new clients; generating a 135% hike in revenue within a single month.
- Check, verify and fill customer invoices using Stripe and WooCommerce.
- Analyze and troubleshoot client technical issues to identify the causes of system problems.
- Provide detailed reporting on product trends, competitor trends with actionable data to support the business development decision-making process.
- Develop and execute sales plans that optimize our brands for pricing, sales, availability, and visibility.
- Integration of Email Marketing Automation with OptinMonster Pop-up Builder and HubSpot.
