About

University of Tampa graduate with a BSc. in Environmental Science. Enthusiastic and eager to contribute to team success through hard work, attention to detail, and excellent organizational skills. Experienced in analytical chemistry laboratories, biological practices as well as assisted in a mark-recapture study of seahorses my throughout my collegiate years. Interned at the Bermuda Institute of Ocean Sciences as a deckhand and assistant dive gear technician working with the BEST initiative. I have worked as a park ranger patrolling parks and nature reserves, working in various weather conditions while carrying equipment. Motivated to learn, grow, and excel in the environmental industry. Eligible to work in the UK as a UK citizen.
