About

BRANDS WORKED WITH

- BARISTA
- Mr Wongs Wok &
- Naked Chips
- Roseta Primary
- Stepney Green - Mile End

Experience

● Supervisor

Costa Coffee | Aug 2019 - Now

Working in Costa Coffee definitely created me the person I am today, from being a normal barista all the way up to a Supervisor I had gained so much experience through these 5 years, not only how to deal in serious situations but how to lead a team, I Have learned excellent customer service skills, met various people with different abilities, It was my responsibility to open and close the store, count the tills, send money to the cash collectors, and also order stock and organise the store! However since it's been long 5 years I would love to learn more things and gain more experience in different jobs therefore I am searching for a new place I could call my career!

● Early years Practitioner

barney Bears nursery | May 2018 - Jun 2019

While Studying childcare I had taken part in doing Work experience, I learned about children's needs, I taught children how to read and write, how to dress up, I created activities with them, helped them eat and changed their nappies, I also put children to sleep for nap time and also kept track on individual children's progress, feedbacking to the parents!

Education & Training

● Tower Hamlets College NCC Royal Dock Academy Child-care

Diploma of Management,
