## Experience

### ● Stock Assistant

Tesco | Apr 2024 - Apr 2024

I did a 1 week work experience here helping staff with stocking up shelves, scanning items, managing reduction sales, also helped customers with reaching items that were stocked high up the shelves and satisfied their needs, and developed a good rapport with every single member of the Tesco workforce. Received good feedback from my manager about my work skills and involvement in getting the job done.

### ● Liaising

Virtual Talks, Online | Feb 2023 - Feb 2023

Worked one week in my work experience duration while I wasn't in college.

### ● Customer Assistant

Stock Room | Aug 2022 - Sep 2022

I've done a job here temporarily whilst I was visiting family in my home country and have listened and engaged with my manager in regards to adhering to my duties which included refilling shelves, and serving customers at the till. I've shown good interaction skills with all the customers I've served. The manager commented on my performance, saying I worked well under the circumstances, especially as it was my first time having a job in my life.
