## About

I am a committed and client focused individual who is always willing to learn and with a strong attention to detail. I consider myself to be an exceptional listener and communicator who effectively conveys information verbally and in writing. I am confident and have often supported my colleagues through many situations. I am quickly able to adapt to new situations and enjoy working in challenging environments. I am looking towards a new path now, a role that i could truly appreciate outside of the food and beverage side of hospitality. Something new, something exciting, a role that makes me want to progress further than i can imagine. Can you help?

## Experience

### ● General Manager

The Crossing | Apr 2022 - Aug 2022

One of four award winning private Stone gate-tied pub restaurants, The Crossing is a unique venue offering both a great continental menu and a fast paced evening for wet sales. I was offered this role privately to improve the sales and standards as they had dropped tremendously over the last year. This i did relatively quickly due to my experience in top venues within the country. As expected i was in charge of payroll, stock, rotas, guest experience, menu development, 15 staff members, health and safety, maintenance plus a whole host of other responsibilities.

### ● General Manager

Regency | Oct 2021 - Jan 2022

Regency was offered to me by a previous general manager at a Paragon site, asking me due to my experience within nightlife, what i could do with a venue now that he had acquired one. After an extensive chat and a lot of meetings, we finally opened Regency. I was offered GM, and away into the nightlife industry we sailed. We had a successful opening, meeting the towns great clientele and seeking every opportunity we could to expand. Unfortunately the director and I had different ideas for the venue comes January so i departed on creative differences and took a couple of months to recuperate from the heavy few months within Hospitality.

### ● Bar Manager

Orange Tree Bar and Grill | May 2019 - Oct 2021

Run by Paragon, the Orange Tree is a fine dining restaurant, boasting a premium experience like no other. Behind the perfect reputation we've worked hard for, we offer only the finest quality fresh food, all delivered by local companies. The bar itself and the cocktail menu have been described as Londresque due to standards and quality of the products used in the drinks. I joined the Orange Tree as a supervisor, contracted to become manager when the current one departed (Aug 2019.) Now running the bar into a positive direction, our liquor sales have improved with my own reputation alongside. My responsibilities are quite like those at my previous employment; Fiction, only I have more experience behind bars and more of an idea of what it means to be management. My role also consists of, but is not limited to the following;

- A huge variety of cocktail knowledge.
- Being a fire Marshall.
- Being First aid trained.
- Seeing trends and applying what products work with the bar scene and restaurant to move the business forward with the times.
- Being familiar with external companies such as Heineken, RDW, Molson Coors, Purity, Gerrard Seel.
- Handling and actioning invoices, orders and deliveries.

- Conflict management.
- Hiring, training and developing team members. To conclude, if it involves the Bar, it is be my responsibility. I am however also doing a an NVQ alongside this which is Leadership and Management.
