About

Founder and director of £5m+ eCommerce business with 17 years' senior management-level experience in DTC retail. I'm an ideas person and problem solver who gets stuff done, quickly. I'm as much in my element stuck into a spreadsheet as I am with a sketchpad and pen in my hands, bringing a solid balance of free thinking creativity and deep-diving data geekiness to everything I do. I successfully grew the Red Candy online store over 14 years and sold it in January 2023. Now looking for the next exciting chapter in my life!
