Adobe Photoshop (Advanced)

Collage (Advanced)

Web Design (Intermediate)

Fashion Design (Advanced)

Creative Direction (Advanced)

About

Multidisciplinary design graduate with experience in luxury environments and a refined set of skills in 2D and 3D design from ideation to execution. Expertise in fashion, graphics, digital and motion design, allowing me to work progressively and carry momentum into my passion for true innovation, working as a liaison between departments. Curiosity and strong knowledge around the amalgamation of digital technologies (NFTs, VR, AR, AI and metaverse) with art/design is what motivates me to be a successful designer and professional. Exceptional CAD skills regarding Adobe Suite (Illustrator, Photoshop, InDesign, After Effects and Premier Pro) as well as prototyping software like Blender, Sketch and CLO3D, efficiently translate proposals into production or presentation.
