About

I worked in 3 different agencies in Barcelona, doing mainly graphic work, both for print and online. In Germany I worked as a designer and photographer for different private clients as well as for companies such as: Gärnetplatz Theater in Munich, The Butcher, Italian Embassy, Kimchi Princess Restaurant, Epic Games, etc. Since 2021 for Medicorum TAM. I can make small recordings and video editions. As a former dancer and dance teacher, I am used to working with people of different ages and nationalities, which makes me a team player but also a person who can take the lead if necessary. I speak fluent English and German as well as Spanish and Catalan.
