## About

One vision ! BEAUTY . LIGHTNESS . SIMPLICITY  
One commitment ! NATURE IS PRECIOUS  
One sensation ! VEGETAL WOMAN

I try to infuse my way of life into every project: what's worth seeing (BEAUTY), always show a positive light of a situation (LIGHTNESS), use raw materials, lights and lines (SIMPLICITY).

I imagine and design sets for agencies, brands and artists: photo shoot, film, music video, event or scenography.

I also work with architects in creative direction (for hotels, bars, restaurants, etc.), interior styling and furniture prescription, respecting the environment and always on the lookout for new designers, solutions and innovations.
