● Managing Director

Island Spring Sourcing Ltd | Dec 2020 - Now

Island Spring Sourcing Ltd, sources and supplies furniture for many different clients as well as selling products online under their own brands. We have an online retail only business, three wholesale brands offering different outdoor product ranges to a large network of physical and online retailers, a furniture sourcing brand, and our own warehouse & logistics business.

I have overall responsibility for the 6 different companies / brands within the Island Spring Group. This covers all decisions pertaining to pricing, forecasting, ordering, marketing, service agreements, contractual supplier agreements, establishing new ordering procedures, operations, logistics & client growth.

My overriding success during my time here, aside from the successful sale, was the setup of a new wholesale brand from scratch, which was so successful it won an industry award for Best Outdoor Furniture Supplier for 2022, which in its first year of business was a fantastic achievement as it's voted by members of the trade
